MM Docket No. 94-111

In the Matter of

Amendment of Section 73.202(b), RM-8519
Table of Allotments,
FM Broadcast Stations.
(Ingalls, Kansas)

NOTICE OF PROPOSED RULE MAKING

Adopted: September 19, 1994; Released: September 30, 1994

Comment Date: November 21, 1994

Reply Comment Date: December 6, 1994

By the Acting Chief, Allocations Branch:

1. The Commission has before it the petition for rule making filed by Dana J. Puopolo ("petitioner"), requesting the allotment of Channel 290A to Ingalls, Kansas, as the community's first local aural transmission service. Petitioner states she will apply for Channel 290A, if it is allotted to Ingalls.

2. Section 307(b) of the Communications Act of 1934, as amended, mandates that the Commission fairly, equitably, and efficiently distribute frequencies " ... among the several States and communities." The Commission has defined "communities" as geographically identifiable population groupings. Generally, if a community is incorporated or is listed in the U.S. Census, that is sufficient to demonstrate its status. In this regard, petitioner states that Ingalls is an incorporated town in southwestern Kansas. However, the Commission's staff is unable to confirm petitioner's claim. We note that Ingalls is listed in the 1994 Rand McNally Commercial Atlas and is attributed with a population of 301 persons, but this fact alone is not sufficient to establish "community" status for allotment purposes.¹ Since Ingalls is not listed in the U.S. Census, petitioner should present the Commission with sufficient information to demonstrate that Ingalls is incorporated, or that it has social, economic, cultural, or governmental indicia to qualify it as a "community" for allotment purposes.²

3. We believe the public interest would be served by proposing the allotment of Channel 290A to Ingalls, if it is ultimately found to be a community for allotment purposes, since it could provide a first local aural transmission service to the community. Channel 290A can be allotted to

Ingalls in compliance with the Commission's minimum distance separation requirements without the imposition of a site restriction.³

4. Accordingly, we seek comments on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, for the community listed below, to read as follows:

City	Present	Channel No.	Proposed
Ingalls, Kansas	--		290A

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

6. Interested parties may file comments on or before **November 21, 1994** and reply comments on or before **December 6, 1994**, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, or its counsel or consultant, as follows:
